

B-3465 - B-3470
1130-1100 Light St. (West side)
Baltimore, Md.
Private access

c.1845-1890

The west side of the 1100 block of Light St. was originally improved with groups of three story, gable-roofed brick houses built in the late 1840's and early 1850's to serve as combination residential/commercial structures. 1102, 1104-1106, and 1116 Light St. survive in close to their original exterior, gable-roofed form, although all have modern storefronts. 1100 and 1114 Light St. were enlarged and remodeled after the Civil War and are now three stories in height with shed roofs and bracketed cornices. 1130 Light St. is an elaborated designed and decorated, somewhat Moorish style commercial structure, three stories in height, three bays wide, constructed in brick with brownstone and cast iron trim. The building was built in the late 1880's by Joseph and Bernard Harig to serve as a hardware store. The remainder of the block is now occupied by modern, two and three story commercial structures.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This three story, three bay brick house with shed roof and modillions cornice represents an enlargement of the original gable roofed house built on this site in the 1840's and which formed part of a row of such houses extending along this side of Light St. The first floor area has been converted into a modern store-front.

The house is three stories in height, 17' wide, and occupies a lot 94 1/2' deep. The house is constructed in running bond. The shed roof is capped by a wooden cornice consisting of a deeply projecting crown molding supported by a row of grooved modillions set above a row of smaller modillions and a deep freize area. Two grooved end brackets support the cornice and connect it to a lower molding strip.

All of the window openings have splayed brick lintels and wood sills. All of the window openings are filled with 1/1 double hung sash. The first floor area has been converted into a modern store-front. There is a centrally located, recessed glass and aluminum door flanked by two two-sided plate glass shop windows set on artificial stone bases. A deep aluminum sign area extends across the entire width of the store-front. The entrance is reached directly from the sidewalk.
